

**FY2017**  
**Design Arts**  
**Panel Biographies**

**David Burghy** is an Associate Professor at the Columbus College of Art & Design. He teaches Industrial Design Studio, Drawing for Design, Introduction to Industrial Design, Prototype Construction, and School of Design Arts Collaboration Studio. As a designer with engineering tendencies, he enjoys making things with wood and metal, drawing, and spending time with his family. Burghy co-authored the 1998 and 2003 editions of “Structural Drawing & Applications” and is a member of the Industrial Design Society of America, Ohio Designer Craftsmen, Knox County Art League and Licking County Arts. He holds a BFA in industrial design, CCAD, 1989 and a MEd in art education, University of Rio Grande, 2009.

**Rayneld Johnson**, Ph.D., Wayne State University, Lecturer in Fashion Design and Merchandising. Her course specialties are the history, design, production, and merchandising of apparel and textiles. Additionally, her research has focused on the social, economic, and psychological factors influencing design and trend development as well as learning theory and instructional design. A current project is the “Cross-fluence of Fashion and Automotive Design.” She has given national and international presentations related to apparel design and innovative teaching strategies, including “The Art of Developing Creativity in Apparel Design Students.”

**Barb Shea** has been at the forefront of the design industry in Columbus for more than 30 years. You wouldn't know it to look at her, but she's been around long enough to be able to say that she was one of the first in the city to use the computer as a design tool. Over the years she's continued to integrate the latest technologies into the process to help companies utilize their brand the best way possible. And when she's not working – she, along with her husband, have been raising 6 kids, 4 dogs (at the moment), and a whole lot of kittens in their country home outside the city. Barb is a Grandview native, and has her degree in Visual Communication from The Ohio State University.
